REQUEST FOR LISTING OF REFERENCES

A Notice of Allowance was issued June 3, 2003 in the above-identified patent application. Prior to paying the issue fee, applicants are submitting herewith a Form PTO-1449 listing references from the International Search Report (ISR) in PCT/GB00/00654, on which the present U.S. national stage application is based. A copy of the ISR (Form PCT/ISA/210) from the aforementioned PCT application is also submitted herewith.

It is respectfully requested that the references listed on the Form PTO-1449 be considered and that such consideration be

indicated on the record in the present application. The action requested with respect to these ISR references is in accordance with the following provision of §1893.03(g) of the Manual of Patent Examining Procedure:

When all the requirements for a national stage application have been completed, applicant is notified (Form PCT/DO/EO/903) of the acceptance of the application under 35 U.S.C. §371, including an itemized list of the items received. The itemized list includes an indication of whether a copy of the International Search Report and copies of the references cited therein are present in the national stage file. The examiner will consider the documents cited in the International Search Report, without any further action by applicant under 37 CFR §1.97 and 1.98 when both the International Search Report and copies of the documents are indicated to be present in the national stage file. The examiner will note the consideration in the first Office Action [emphasis added].

The Notice of Acceptance Under 35 U.S.C. 371 and 37 C.F.R. 1.494 (copy attached) in this application indicates that both the ISR and copies of the references cited therein are present in the official file.

Furthermore, Myers et al. (WO 96/39859) which is an ISR reference, is mentioned in the comments under the heading "Allowable Subject Matter" in the November 6, 2002 Official Action. The context in which Myers et al is mentioned, indicates that the Examiner has considered the ISR references. In any event, the requirement that the Examiner consider these references is clear in the above-quoted MPEP section. Accordingly, the Examiner is respectfully requested to confirm that the ISR references have been duly considered by initializing and returning a copy of the attached Form PTO-1449 to the undersigned.

In the event any fee is due in connection with the consideration of this request, the Commissioner is authorized to charge any such fee to the account of the undersigned attorneys,

Deposit Account No. 04-1406. A duplicate of this paper is enclosed
